EPIPHANY
CENTER FOR THE ARTS

CHICAGO

The former 19th century church, with historically significant architecture, and its reimagined modern annex, is a one-of-a-kind venue for hosting unforgettable indoor and outdoor events.

Epiphany offers 42,000 square feet in one locale, providing flexibility, scale, inspiration, and exclusive access to its distinct, historic and modern venues. Epiphany is perfect for weddings, corporate events, non-profit and social soirées, product launches, film and photo shoots.

A progressive event at Epiphany flows through large and intimate rooms, from one jaw-dropping venue to the next. Whether the event requires an off-site meeting space or one that holds hundreds, Epiphany sets the stage for success.
